Mindluster Platform

About the course Machine learning application techniques

Machine learning application course in hindi, in this course we delve into practical implementations of machine learning techniques across various domains. Starting with an overview of machine learning applications, we explore real-world use cases such as data analysis, trend prediction, natural language processing, and image recognition. Through hands-on projects and case studies, students gain insights into how machine learning drives innovation in fields like healthcare, finance, fraud detection, and autonomous systems. This course equips learners with the skills to tackle complex problems and harness the power of machine learning in diverse applications.

Artificial Intelligence Category's Courses

Course Lesson(22)

Lesson 1 : **Machine Learning Kya Hai Opportunities Advantage Classification of Machine Learning**

Lesson 2 :
Top 10 Applications of Machine Learning in Day to Day Life Machine Learning Application Examples

Lesson 3 : **Machine Learning Life cycle Explained Complete Information**

Lesson 4 : **Install Anaconda and Python on Windows Latest Version Machine Learning**

Lesson 5 : **Artificial Intelligence vs Machine Learning vs Deep Learning Machine Learning Tutorial**

Lesson 6 :
What is Dataset Types of Datasets Machine Learning à¤¸à¤®à¥à¤ªà¥,à¤°à¥à¤£ à¤œà¤¾à¤¨à¤•à¤¾à¤°à¥€

Lesson 7 : **Data Preprocessing Kya Hai Techniques Steps of Data Preprocessing Machine Learning**

Lesson 8 :
What are Features and Labels in Machine Learning with Example Machine Learning Tutorial

Lesson 9 :
What is Supervised Machine Learning Types Advantages Disadvantages of Supervised Learning

Lesson 10 :
What is Unsupervised Machine Learning Association Clustering Algorithms in Machine Learning

Lesson 11 : **Training Testing Data in Machine Learning Complete Information**

Lesson 12 : **Linear Regression Single Variable Machine Learning Tutorial**

Lesson 13 : **Linear Regression Multiple Variable Machine Learning Tutorial**

Lesson 14 : **Machine Learning Polynomial Regression Explained ML Tutorial for Beginners**

Lesson 15 : **Logistic Regression Binary Classification Machine Learning Tutorial**

Lesson 16 : **Logistic Regression Multiclass Classification Machine Learning Tutorial**

Lesson 17 : **Decision Tree Classification in Machine Learning Decision Tree in ML**

Lesson 18 : **Random Forest Classification in Machine Learning Random Forest Tutorial**

Lesson 19 : **Naive Bayes Classifier Algorithm in Machine Learning Machine Learning Tutorial**

Lesson 20 : **Support Vector Machine Algorithm in Machine Learning Machine Learning Tutorial**

Lesson 21 : **Confusion Matrix In Machine Learning Machine Learning Tutorial**

Lesson 22 : **Overfit Underfit in Machine Learning Machine Learning Tutorial for Beginners**
